

# *Making Women's Groups Visible!*

**Help us identify the amazing variety of  
women's groups in The United Church of Canada  
as we continue the Centenary Celebration  
of International Women's Day!**

All United Church of Canada women's groups are involved in ministry to participants, congregations, and the wider community, and are informally considered a part of the church's Women's Ministries Network. This network is made up of all women's groups (including, but not limited to the UCW), but many of these groups are unidentified and unknown outside of their congregation.

We want to enliven the Women's Ministries Network by providing networking spaces and ongoing communications to all women's groups. But first we need to know who and where you are!

We invite you to take a few minutes to make your group visible—and help us build and grow the Women's Ministries Network—by completing a brief survey.

**Complete the survey today!**
