## WHAT IS THE MISSION OF THE UNITED CHURCH?

The United Church's New Creed captures the church's mission: We are called to be the church, to celebrate God's presence, to live with respect in creation, to love and serve others, to seek justice and resist evil, and to proclaim Jesus.

We respond to this calling in many ways. Our collective efforts beyond our local church and community are the Mission and Service work of the church. This work is carried out around the world by Mission and Service global partners and across Canada by congregations, community ministries, Conferences, presbyteries, and the General Council.

**Together we support this work by pooling our financial resources through the Mission and Service Fund.**

## WHY A UNIFIED FUND?

For more than 85 years we have shared and supported all the work of the United Church. This shared responsibility includes pooling our money to fund our worship life, our partnerships, and our relationships with other faith groups. This united response is financially supported through the Mission and Service Fund. We know that a unified fund that supports all our work is effective, stable, fair, economical, and flexible.

## WHERE DOES THE MONEY GO?

This year, responding to input and questions, we are providing a new picture of what programs the Mission and Service Fund supports within the total General Council plan for 2011. The pie chart on the next pages shows how our givings are supporting six program areas of Mission and Service work.

We will be focusing the Mission and Service revenue entirely on these programs and services. We will use other sources of investment and trust revenue for the leadership and governance operations of the General Council Office. In addition, the management of group insurance and staff pensions will be self-funded through these programs in 2011. Priorities and needs may change from year to year, and this information will change annually to reflect those changes. The program expenditures include the common office services required for program delivery, such as finance, IT, and communications.

Our 2011 objective is to provide \$31,100,000 from M&S revenue along with \$6,300,000 in additional donated funds to support \$37,400,000 of Mission and Service work. The additional donated funds are designated to specific programs and activities and come from the Morrison Bequest fund, Emergency Fund donations, grants from trusts and endowments, designated gifts, investment income, and government co-financing.
