

How to Access Archived Websites

The United Church of Canada Archives currently archives websites run by the General Council Office and its units through the services of [Archive-It](#).

To view archived Web content please visit www.archive-it.org/organizations/637.

Keep in mind this archived content is intended to preserve the history of the United Church's online presence. To see updated content, information, and news from the United Church please visit the current [website](#).

The screenshot shows the Archive-It interface for the United Church of Canada Archives. At the top, there is a navigation bar with links for HOME, EXPLORE, LEARN MORE, and CONTACT US. Below this is a header section with the Archive-It logo and a tagline: "A web archiving service to harvest and preserve digital collections a service of the Internet Archive". The main content area features a green banner with the United Church of Canada logo and the text "United Church of Canada Archives", "Archive-It Partner Since: Jun, 2012", "Organization Type: NGOs", and "Organization URL: http://www.united-church.ca/". Below the banner, there is a search box with the placeholder text "Enter search terms here" and a "Search" button. To the left of the search box, there is a "Narrow Your Results" section with a "Collection Name" filter showing "United Church of Canada sites (6)" and "United Church Initiatives (2)". Below the search box, there are tabs for "Collections", "Sites", and "Search Page Text". The search results are displayed on "Page 1 of 1 (8 Total Results)" and include a "Sort By" section with options: "Title (A-Z)", "Title (Z-A)", "URL (A-Z)", and "URL (Z-A)". The results list several URLs and their corresponding collections and capture dates:

In our pages on Archive-It you can easily do a keyword search for archived content using the search box.

You can also browse through the sites or collections of webpages to see what older versions looked like.

The archived versions are stored by the date they were "captured."
